Posted Position Title: Patent Intern

Career Level: Experienced

Function: Legal

Function Segment: Administration and Support

Location: United States

U.S. State, China or Canada Provinces: Connecticut

City: Shelton

Postal Code: 06484-6222

Relocation Assistance: No

Role Summary/Purpose

In 2006 GE established a Global Patent Operation (GPO), and the GPO is headquartered in Shelton, CT. Generally, the mission of the GPO is to partner with GE businesses to both develop IP strategies that will add business value and also implement such defined strategies through the preparation and prosecution of high quality patent applications that provide the IP protection consistent with developed strategic IP plans.

Essential Responsibilities

GE has an open position for a Patent Intern in its Shelton operation. Through the experience as an intern in the GPO, the Patent Intern will have opportunities to develop the fundamental skills and knowledge required in patent practice. (This is a paid internship)

The Patent Intern will work with the GPO attorneys and IP paraprofessionals on a variety of patent-related projects. Specifically, the Patent Intern will:

- * Conduct patentability studies for inventions
- * Prepare draft responses to correspondence received from patent offices around the world
- * Develop content for defensive publications
- * Provide the required review of GPO GAP forms prior to executing non-US filing strategy

- * Support the GPO attorneys and IP paraprofessionals as required

Qualifications/Requirements

Basic Qualifications:

- * BS in science or engineering

Eligibility Requirements:

- * Ability to work 15-20 hours per week on site during the academic semester and 40 hours per week on site during the summer and winter breaks
- * 1st or 2nd year law students only (will consider 3rd year law students from evening division)
- * In order for GE to satisfy certain requirements under US Department of Labor regulations, you must apply for this position via www.gecareers.com/campusinterview if you wish to be considered for an interview (Application deadline is November 15, 2011)

Additional Eligibility Qualifications

GE will only employ those who are legally authorized to work in the United States for this opening. Any offer of employment is conditioned upon the successful completion of a background investigation and drug screen.

Desired Characteristics

- * Outstanding technical and writing skills
- * Strong interpersonal skills including the ability to communicate effectively and concisely and work with engineers and inventors and all levels of GE management
- * Knowledge of laws, regulations, practices and procedures relating to procurement of patents in the U.S. and foreign countries

Section 19 Job

YOU MUST BE ABLE TO SATISFY THE REQUIREMENTS OF SECTION 19 OF THE FEDERAL DEPOSIT INSURANCE ACT.
